

## **Friends of Zenger Farm Volunteer Opportunities**

### **What are you excited about?**

**Farm Tour Leaders:** We currently have more interest in the farm than we are able to accommodate. Help us reach more community members by leading occasional hour long weekday or weekend tours of the farm for college students, adults and families. Farm tour training provided.

**Community Involvement and Outreach Volunteers:** Help us promote our programs by attending outreach events, developing materials, and responding to inquiries.

**Youth Education Volunteers:** Help students (pre-k through college) with service learning projects, or train to co-lead and lead FZF programs (Farm Tour, Wetland Ecology, Soils, People Need Plants, Seeds). Youth programs run Tuesday through Friday about 9:30am-2:30pm until mid-June.

#### **Work Parties!**

**Weekend Work Parties:** Join us for some work out on the farm, we usually have a weekend work party about once a month

**Friday Work Parties:** Join us for some work on the farm any Friday from 2-5pm

#### **Help in the Children's garden!**

Join Ryan, the children's garden manager in the children's garden harvesting, weeding, planting etc.

**Special Projects:** Some of our volunteers get really excited about a project and make it their own (ex: youth garden manager, barn mural project, cob bike shelter project).

#### **Heifer Community Livestock Projects:**

**Worms:** Learn how to build a worm bin and learn about the benefits of vermicomposting. Help us care for our worm bin and develop it as an educational resource.

**Bees:** learn how to keep bees, get hands on experience from experienced beekeepers and get practice on the new hives at Zenger

**Chickens:** learn how to keep "city chickens" and join the folks at the Eastside Egg Coop for informative meetings every other month (meetings are posted on the website)

Please feel free to contact Prairie Hale, Community Involvement Coordinator, with any additional questions or to discuss how you can get involved at Zenger Farm. [Prairie@zengerfarm.org](mailto:Prairie@zengerfarm.org) or 503.282.4245
