

ZENGER FARM EVENT SPONSORSHIP

ABOUT ZENGER FARM

At Zenger Farm, we believe that communities thrive when people have a direct connection to their food and where it grows. Founded in 1999, we are a 24-acre urban farm that promotes sustainable food systems, environmental stewardship, community development and access to good food for all. Through our work, we hope that Zenger Farm can serve as a model of a just food system: a place where everyone can connect to sustainably grown and culturally appropriate food.
